

Advice for Teachers and Club Advisors Clip 1

Speaker 1: I would encourage our teachers to be more involved in the events that we are planning and hosting. And I would tell her to be more aware of the people who encourage people more to join the Christian Club because even though it is 20 people, we would love to have new members. They are always welcome. So, [we want] to kind of be a part of it more and to encourage kids.

Speaker 2: I'd encourage our teachers to also contribute more towards our discussions and our planning of events. Because, I'd say a lot of the time it's the Grade 12 students that are running things. And the teachers more confirm and organize stuff. But I would like to see more their opinion and ways they would like us as a group to contribute as a club.

Speaker 3: I'd encourage our teacher to basically encourage other teachers to help us reach out to other children and help us to become a bigger group because we are not that big compared to other clubs in our school.
